Meet Dayton's New Treasurer!

On March 13, 2017, the Dayton Town Council made official, by unanimous vote, the appointment of Amanda Mongold as Treasurer for the Town of Dayton. Amanda replaces former Treasurer Justin Moyers, who left to accept a position with Rockingham County. Amanda comes to us from the Harrisonburg-Rockingham Regional Sewer Authority working in their Accounting Department for the last five years, serving as Office Manager the past two years. Prior to her position at the Sewer Authority, Amanda worked for White Wave Foods as a staff accountant for eleven years.

Amanda, has started delving into the position with both fervor and excitement. She is eager to not only perform her day-to-day duties, but is ready to tackle some of the non-traditional challenges that come with working in a town like Dayton. She has already begun revamping the accounting systems to make the operations more efficient. She will also be working with our software providers to integrate systems that will provide better and more up-to-date information over the next several months.

Amanda grew up in Augusta County and moved to Mt. Crawford in 2010 with her husband and daughter. She enjoys spending time with family and friends, outdoor activities, reading and basket weaving.

Please join me in welcoming our new addition to the Town of Dayton Municipal Team, Mrs. Amanda Mongold, our new Town Treasurer.

Bobby Popowicz, Town Manager

Mayor's Message

As Spring is upon us and Summer grows near, we ALL here in Dayton should look forward to being together with friends and family in the beautiful outdoors. It is a special time when flowers are blooming (if they haven't already) and trees are blossoming. This annual beauty of colors and God's creation, is a great reminder that there is hope and new life in us all. We are to be rejuvenated and self motivated to overcome any hurdles or self-inflicted decisions of procrastination.

Life presents us all with uncomfortable moments, e.g., unexpected changes in our health, sudden loss of a loved one, thoughts of leaving others with a burden due to age and accumulation of possessions, excitement of a "newborn" or an addition to your family. Each of these examples can present its own challenges; however, it is up to each one of us to embrace this change, and improve the course of action by being involved and tuning-in to what

we can do to "live life" to the fullest and be an impact to your own as well as others.

Be "active" in our community here in Dayton by getting outside and making improvements to your property. Be aware of our newly adopted nuisance ordinance, all while being respectful of your neighbors and enjoy making these improvements in the process. Most importantly, become more health conscious of yourself and your family by walking and/or jogging in our beautiful Town of Dayton. We continue on our mission here to improve and strengthen your community by providing activities for all throughout the year and making cosmetic changes as needed to attract others to this great Town.

I have said this before—we do live in a great and growing community here in Dayton. You are a vital part of this currently and with the exciting changes yet to come. However, there are improvements to be made, yet we

can do it together. Let us strengthen our own relationships within our Town by visiting and patronizing our own unique businesses. Visit them frequently and tell others to do the same. Welcome our two newest additions of eateries: The "Dayton Tavern" and "Michael's Pizza." GREAT FOOD AND GREAT PEOPLE!

Feel blessed to live in a special place and patronize all of our unique shops and businesses throughout Dayton. Visit our website at www.daytonva.us and Facebook Page for updates to events and links to our local businesses and changing specials. Let us all be mindful of others and change your personal health regimens by getting outdoors and continue to make our Town of Dayton the most physically fit and cleanest town in Rockingham County.

May God Bless You and Your Family!

Mayor Charles T. Long

NOTICE ON RECYCLING PESTICIDE CONTAINERS

A lot of plastics are being recycled for products that are used by children. It is unlawful to recycle pesticide containers with your normal recycling. In an effort to follow federal laws, Dayton Public Works will accept pesticide containers properly prepared per the manufacturer's instruction booklet, which is usually attached to the container, effective immediately. Pesticide containers will be recycled separately at Rockingham County Landfill, and must be completely empty, triple-rinsed, caps removed, and the product label identifying the product must remain attached. Please place pesticide containers at curbside beside your yard waste for the weekly collection on Mondays.

The 2017 Summer Events Schedule will be mailed to residents in April. We look forward to another great year of music and movies at College Street Pavilion!

Be on the lookout for an announcement about CARDBOARD BOAT RACES AT SILVER LAKE!

We are currently in the process of planning a boat regatta! Awards will be given for the fastest boat to cross the lake, and also most creative boat design.

Chief's Corner

The "game" is changing within my jurisdiction of control. Criminals will find scant reprieve by giving information of crimes in order to escape the full consequence of their actions.

Have a great spring!

Chief Daniel Hanlon
